26 December - 31 January 2019
Summer is here
Campaign messaging

Aim

Building on the success of last year’s campaign around ‘How a visit to Jersey makes you feel’, ‘Summer is here’ delivers on key Jersey passion pillars of natural harmony, culture, self-discovery and togetherness with messages of revitalisation, reflection, and the strong sense that summer is located here in Jersey.

We will repurpose our existing creative assets to tell this summer story to create four new video edits.

Our summer activity will be phased in two stages. Summer 1 key campaign objectives are to drive early summer bookings and increase preference with repeat visitors across our key UK source markets. We are deploying an impactful print campaign across targeted supplements within national media titles to lift destination awareness and drive people into www.jersey.com where extended campaign elements will be housed e.g. rich media content, product itineraries and articles.

Summer 2 will launch in May 2019 through digital channels, building on the creative message of summer 1, retargeting our engaged audience with relevant summer offers, and incentivizing last minute bookings across our target markets.
